FORCE OF NATURE: THREE WOMEN TACKLE THE JOHN MUIR TRAIL

Joan's engaging talk (with lots of beautiful photos) will be about her memoir's story of the grand adventure of three women in their fifties backpacking the John Muir Trail. Its theme is one of Strength, Courage, and Spirit. Readers describe her book as both exciting and inspiring. Experience the terror of lightning at 11,000 feet, the joy of dancing among midnight moon shadows, and the triumph of standing atop mountains. **Joan's book will be available for purchase at the event.**
