## April Cederburg's Climb of Mount Kilimanjaro

In September of 2015, April Cederburg, a member of the Lincoln Hills Hiking and Walking Group spent a month in Africa with her sister Sandy. They went on an 8 day climb to Mount Kilimanjaro. Mount Kilimanjaro is the highest mountain in Tanzania Africa.

Traveling with a company that provides adventure hiking for women only, they spent the night in Arusha, Tanzania before boarding a bus to the Machame Gate, entrance to the Machame Route to the top of Mount Kilimanjaro.

This hike took their small group through four climate zones before reaching the top of the mountain. In addition April will share some of the highlights of the safari the sister's took after the climb.

**This will be a treat for all outdoor enthusiasts and nature lovers alike.**

**Everyone is Welcome to Attend!**
